there in times of need

Funeral Home

We define a Funeral as the process from death to final disposition in which we as Funeral Directors are involved.

For the simplicity of this booklet we have selected four distinctive types of funeral and used the names we associate with each distinct group.

It is important that the reader remembers that many funerals fall outside these four groupings, and the final price will reflect the final choices made. This booklet is simply to give you a starting point on which to base your financial decisions.

This booklet is produced annually and the prices contained within are only valid for the 12 months 1st December 2017 to 30 June 2018.

Helpful Financial Information

FUNERAL PREPAYMENTS

You may wish to consider pre-paying your funeral. As with pre-organising the funeral, this arrangement can help relieve loved ones of emotional and financial concerns. The Kapiti Coast Funeral Home has brochures available on pre-payment schemes.

FINANCIAL ASSISTANCE

Accident Compensation Corporation:

There is a grant available from ACC for a death by accident.

Claims are assessed by ACC and forms are available through the Funeral Home or local ACC office. The maximum ACC funeral grant is currently \$6,021.11

Income Support Service:

The **WINZ** funeral grant may be available to the partner, child, parent or guardian or funeral director of someone who has died, to help towards the cost of the funeral. The grant is currently \$2,030.91 and is asset tested depending on the deceased's bank balance.

The basic principle applied by WINZ is that you should be using the deceased person's finances to pay for a funeral service. The WINZ funeral grant is only seen as a "top up" towards a funeral account.
